The Automotive Shop is enitrelly too expensive! I put tires on my truck myself a few weeks ago and it cost me as much as if I would have gone downtown and paid someone to do it for me. i think if you are going to have a self-help auto shop, you should not charge so much and you definitely need better facilities.

I feel that the MWR offers alot of things that benefit my soldiers, but for me they do not benefit me since I live so far away. Plus I have been married for almost 2 months and still haven't had enough time to get my wife on DEERS. But other than that this post has the worst communication skills in the US Army. This post did not meet my expectations at all. Thank You

I am very happy with the services provided on post, especially the golf course, bowling alley, lakes, and the arts and crafts center. Unfortunately, I am unable to utilize the services as often as I would like due to work, but I like having them available when I can use them. I enjoy the versatility offered. Any new programs would be well appreciated because Clarksville, TN really doesn't have that much to offer residents.

Golf course is in terrible shape. The person who sets up the course, the equipment leaks fluid on the greens, and there is no place to purchase coffee or drink before 0900 or after 1800, and if you want something to eat other than a hot dog forget it. Reggies not open on weekends, holidays or donsas.

Having lived and worked with Ft. Campbell since 1983 I think the MWR programs and activities/facilities are excellent and I encourage their continuance.....my age (59) biases my survey, as in earlier years I utilized the facilities much more than I do now.....many of your operations are geared towards the soldier and their families....rightfully so.....and I urge you to continue them....I do not agree with some of the "fee" facilities....i.e. the Wellness Center...and I think the fees are a fundamental fact more don't utilize the facility.

Lunch time is critical to civilian employees - lack of time and proximity to eating establishments. This makes the bowling alley food area very valuable. Reggies takes too long to order and to get your food. Sportsmans Lodge is fantastic but too far away from everything - not enough time to go there except for special events.  
Wish that ITR would bring the original services it offered such as being able to purchase tickets to different Nashville events.

### Overall Comment

I rented a bass boat once, in 2003. What a mistake that was!

It was very expensive. Renting the boat from Friday afternoon to Saturday night or Sunday Morning was not an option. I was forced to rent the boat for an entire weekend (3 days) because I could not have the boat back by 12:00 Noon on Saturday. What a rip-off.

I had reserved a particular boat. I checked out the boat on Friday afternoon and found it to be unseaworthy. So, I selected another boat. Employees made the second boat ready, which took over an hour, and I took off. When I got to the lake Saturday morning at about 0430 hrs, and was about to launch the boat, I discovered that the folks that work at the rental forgot to put a plug in the boat. I had to borrow a plug in order to use the boat!!!!

I will never rent another item from MWR.

Overall MWR activities on post are good. For one of the questions it mentioned what kind of restaurant would I like, and one of the options was Mexican. Mexican food is not the only hispanic food that exists. There are Cubans, Puerto Ricans, Central Americans, etc. that have many kinds of food. A variety would be interesting.

Please bring variety of musical events, not only country. People that live on post are not only country music fanatics, there are latin@s, R&B, pop and many more! PLEASE BRING DIVERSITY TO THE POST!!!

I am a retiree's spouse. I think that the MWR at Fort Campbell is really great especially for the single soldiers and the young married AD soldiers. Since I live in Hopkinsville, I do not take advantage of all the MWR opportunities afforded to me. After, I retire, my spouse and I plan to definitely take advantage of the Arts and Crafts and the Water Aerobics classes offered along with Bowling, Volksmarches and Fishing. Please continue with the exceptional variety of MWR services provided at Fort Campbell.

I have worked at Fort Campbell since August of 1984 and I have 29 years with the government. I think Fort Campbell is a outsatnding place to work and furnishes plenty of help and activities for each individual on post. My answers reflect that I do not use alot of the activities offered, but I have in the past when I was younger and had children at home.

Fort Campbell is a beautiful facility, that is growing every day, with updated facilities that should be more than adequate for any family in the area or on post.

I'm happy with the facilities that are here and available. I live 30 miles away so do not get to enjoy them as much as I would if I lived closer to post. This is a great post and outstanding people associated with MWR!!

**Overall Comment**

You probably should discard my comments. For the last two years I have been occupied with repairs to my house from a tornado. WE have some great programs here at Ft. Campbell and some outstanding people associated with them. Nothing is perfect anything and everything anywhere can always be improved. Most importantly I feel this type of survey should target retirees and active duty soldiers and their families more so active duty soldiers and their families. If i had taken this survey tow years ago then you would see more activity in my remarks. I am aware fo a lot of programs offered by MWR here and just because I may not use them there are many people that do. When you field a survey of this type to a lot of DACs tehn you won't get valid answers because they live far away and unless active duty or retired and invited to participate in some of these programs by active duty and reitred with the exception of hunting, vfishing and perhaps golf they will not have a good feeling for what is offered that benefits those retired or on active duty.

Hunting and fishing needs to offer the hunter safety course more and post it in the news papers if they are going to require that everyone regardless of age have the course. States only require people born after a curtain year have the course. I have tired to get to a course just so I can hunt on Ft Campbell again, but the hours and dates are always few and far between.

I would like a gym that is specifically geared to women. Many women on base find it very intimidating to work out in front of men, therefore they just don't go. Many of us have to go offpost to a female's only gym. We have two teenagers at home, therefore, there should be more activities geared toward teens. I have attended a few job fairs and noticed that most of the applicants are not even military related, shouldn't military dependants be considered before anyone else. Also, more jobs should be offered to teens and there should be better ways of applying for these jobs(because teens are in school while the job fairs are in session). AAFES has an online listing and allows applicants to apply right on-line!

Both my son and my husband play golf and last year we had a family membership. However, this year they did away with the payments and require a one-time membership fee payable all at one time. Most military families can barely afford the high golf rates as it is, much less, paying the membership fee all at one time.

Thank you so much for your time and if you do nothing else, please make a females-only gym!!!

A water park and batting cages would be great. My husband uses your bowling alley weekly, if he is here. I love the gyms and I use the pool often, but it is very hot and cloudy. It would be nice to have an outdoor Olympic size pool, and constant lap lanes, which are designated for lap swimming only.

Communication is key. If I had known about more MWR activities I would have participated. I believe FRG leaders receive the information but do not pass along to others because not everyone has access to the Internet or does not want to communicate via telephone. Maybe flyers door-to-door(on-post only) would work.

### Overall Comment

First of all I no longer reside at Ft. Campbell. We have PCS'd to Ft. Rucker, and have been here less than 2 months. The services on Ft. Campbell that were offered were absolutly awesome!! They have improved immensely since I was on active duty, and I thought they were great then (stationed at Ft Campbell 1998-2001). When I answered this survey I answered as being here at Ft. Rucker. If there is any confusion I aplogize. The military would not be in good condition had it not be for MWR. MWR helps out more families than they know. I appriciate the program, and when my 2 year old is old enough to do more than just learn how to swim, I will be using more facilities. Thank you

The CDC is impossible to get into. My child has been on the waiting list since July 2004. Because I am a full time volunteer on Fort Campbell, my "priority" is superceeded by every other catagory. This outrages me. I give my time to help others, but in return cannot utilize services.

Youth Sports are very expensive, it seems we pay more each season, but end up playing less games. Each sport season should last a little longer, we only have six games this season for soccer. The cost per child should be less. I don't feel the T-shirt and trophy we get is worth forty dollars. The coaches are the referees for the games, so that is not a cost. I'm not sure where all that money goes. The children should have there own sports complex instead of playing soccer in the outfield of the adult softball fields. However, I do love the sports offered, and my children enjoy learning the various sports. I just wish it didn't cost so much.

Overall, the services seem to be adequate. When we moved here, I was 7 months pregnant, so I was limited to what facilities I was able to use. I would however like to see more things for the children, like a skating rink, water park, etc. There isn't alot to do off post here, so we need as much variety as possible. I'm sure we will use the facilities more this year.

mwr needs to advertise more than just the post paper

they should have more activactivities and trips for the whole family not just for single soldiers

also maybe offer trips to places where you can stay overnite or a couple days for instance like to an amusement park or a water park.it seems when they do go somewhere it's for the single soldiers and they only go to the malls.they really need to open there minds and try other things.for this being such a big post, i feel it would really benefit possibly from having a minature golf course or even a water park or maybe even both. there are so so many children and teenagers and numerous families that live on post not to mention those who live off post. it would really give everyone something to do and also enjoy. we have a golf course but it is for all the adults. with a minature golf course it would give the whole family something to do,and definately help those who are left here when there spouse is deployed.as well as a water park a water park would give those mom's a break from all the hussle and bussle from the kid's while daddy is away. see there is nothing to do in the near town's of clarksville and hopkinsville and ft campbell is so big it's like it's own town and alot of people don't even go off post much. also the nearest place to maybe do something is nashville but it's 60 minutes away and then there's really not much to do there but go to a mall or zoo and not everyone wants to travel thar far.

thankyou

I feel a lot of the services offered seem to only welcome certain people. People that have been here for many years have priority and that is unfair to people who have recently come to this military community. There are very talented people in this community. Give everyone a chance to help enhance this community.

I would love to have a roller skating rink, r and b concerts, plays and night clubs on post because it is a safe environment and we dont have to travel far. Money would be use for on post activities would keep the money on post for other needs.

Child care (preschool) could be a little less expensive. It would be nice to see free child care at the gyms so mom's of young children can go and not have to worry about money. A program that helps spouses of deployed soldiers with yard care would be great.

I do believe that MWR is benecial to my family. We make a point to take our children to events geared for them, like the Easter egg hunts to Fun Fairs. I really like the fact that there are extras offered here on post, and that they are usually free. We do not always have the money to take our children to places like "Nashville" for the day. The only thing that Ft. Campbell does not have is the E Club and O Club. Every now and then, my husband and I wish that there was a club that just he and I could go to. We have no desire to leave the post just to go to a club. Thank you for all that you do for us.

I think the MWR needs more indoor pools with warm water. I would swim everyday if I did not turn blue everytime I swim because the water is so cold. There is no way that you can convince me that it is 68 degrees when your teeth are chattering because it is so cold. I would like to see a swim park just for the military families to use. I get real tired of everywhere I go the civilians who work on post recieve all of my benefits but their spouse does not lay their life on the line for it like mine does!

I enjoy the free concerts, family fun days offered by MWR. I think the picnic and playground facilities need attention. In need of a kid friendly meeting place for FRG's, perhaps something like a McDonald's playland (indoors) or a larger park like the new one that went up near the Clarksville fairgrounds. Reggies has pretty good food and service. I am, however, surprised that it is not set up large enough to accomodate hails and farewells. Folks work very long hours and do not want to go off post to attend a hail and farewell. I think the food at the club, offered at luncheons and farewell buffets, is expensive and inadequate. The Chinese restaurant (not sure if this is MWR or just a private business) has good food but it's upkeep, tables and lighting are horrible.

I want to reiterate that I do not use several of the MWR facilities at this time because I have four children, and I do not have the time or means to use the craft shop/framing/woodworking at this time. However, I have used it and my husband has used it at different posts. I look for inexpensive, kid-friendly activities for my family. Also, my needs and the needs of my FRG's change during deployments.

My best recommendation is to build a kid-friendly, safe bike trail on post. Something that can accomodate both walkers and bike riders, much like the sidewalks in Germany.

More leisure MWR facilities like the bowling center on base are needed. We frequent both the on base theatre and bowling facility. Other things like this would greatly enhance the quality of life while the soldiers are away...giving the families more to do close to home!

Our family has not taken full advantage of MWR services (other than child care) since our move here less than one year ago because our first child was born immediately after our relocation to Fort Campbell. However, we appreciate and expect the availability of these services.

One of our primary concerns about living on Fort Campbell is the lack of accessible pedestrian & bike trails. Being able to access pedestrian trails (not merely sidewalks) from the housing areas is an asset to the quality of life and the health of housing occupants.

Another concern is with the Employment Readiness Program. I have not tried the program at this post due to frustrations with the program at our past duty stations. As a college graduate with professional experience, I was offered information on secretarial or administrative assistant type employment rather than assistance finding a position in my field. In addition, I have read about a program that will offer training for spouses who have lost a job due to a move within the past 12 months. The program sounds great, but it has been more than 12 months since I gave up my position to move with my husband due to a lack of available work in my field at our last duty station. In addition, I have no desire to re-train or change fields with each move or to chose from the limited scope of fields that are friendly to those who must move frequently (i.e. healthcare, education, childcare, secretarial). Although I am a full-time parent by choice at this time, I strongly believe that there is a need for a program that helps spouses find jobs in their chosen field rather than punishing family members for supporting the service member's career.
